Rumor of Fall of British Cabinet Causes Broad Slump in Morning Buying.

NEW YORK, Nov. 23.—During the M. last hour, Metropolitan Street Railway No has been the feature of the market, enormously active at times and with an advance of over 4½ per cent.

Metropolitan securities advanced 2½.

The stock market continued active and irregular in the first hour, but price movements were narrower than at any time since the beginning of the week and there was an absence of record breaking advances.

London sold a few stocks, about 20,000 in all, in the first hour, the weakness in London and on the continent being based almost wholly on rumors of the downfall of the British cabinet. Foreign bankers who cabled for information say that there is no foundation for these

American Smelting, which opened at 154½, fell to 153. Anaconda dropped to 150, but later rallied to 153, and Brooklyn Rapid Transit fell to 88% against 30% at the opening, most of the selling being realizing for speculative profits.

and may show a gain, but the prevmarket at a season of weak bank reserves, when the natural expectation would be the liquidation of margined nts, leaves scant hope of a strong showing at the end of the week.

It is said that in the past three days a single firm has purchased 90,000 shares of Brooklyn Rapid Transit. This is 20 per cent of the entire capital stock. It per cent of the entire capital stock. It is said of the movement in conservative banking quarters is that it is based on purchases made by Pennsylvania railroad interests some time ago and at a considerably lower level, and is encouraged by the excellent earnings record the company has recently made.

Even in the history of bull markets it would be hard to find a longer succession of "tips" made good than in the sion of "tips" made good than in the past two weeks. The number of stocks which have responded accurately to these advance announcements since the late money squeeze runs up to nearly a score, and leaves little room for doubt that Wall Street bankers of high standing are employing this means of exciting a wider interest in the market. It has had little apparent effect upon the business of wire houses, but the semi-professional people who spend most of their time in local commission offices have finally been drawn into the way of "playing" tips even against their calmer judgment. The size of their winnings has surprised them no less than the brokers through whom they trade.

The storm had partly turned into a tropical tornado, flashes of lightning, followed by long peals of thunder, adding to the terrifying display. The clew lines showed that the men were not handling the canvas. The mate bawled aloft to the two sallors to "avast and make fast." Their actions were veiled in blackness and rain, only occasionally relieved by a lightning boit.

The sound of an angry man and a frightened man in combat reached the deck. The mate looked up to the mast head as a flash illuminated the vessel. He saw Huelta attacking Jansen with a scraper, such as is used for scraping down a mast. Jansen was defending himself as best he could, partly clinging to the rigging on the head, while Huelta was throwing his whole strength, careless of consequences to himself, into his blows, which were almed at the stomach of his shipmate.

### HARVARD UNIVERSITY DEFEATS DOVER COLLEGE

Yesterday afternoon the football team of Howard University defeated the team representing Dover State College by 75

On the kick-off Howard received the hall on its 15-yard line, and it required only three plays to cross the goal line of the team from Dover. After that it was nothing but a march to the goal after each kick-off for the local team. The few times the visiting team got the ball in its possession the men were unable to gain an inch against the excellent defense of university eleven.

At the end of the first half the score stood 58 to 0, and in the second Cantain Shorter replaced the regulars with a number of subs or the score would have been eyen greater. The feature was the work of Shorter, Bailey, and Davis.

Every woman loves to think of the time when a soft little body, all her own, will nestle in her bosom, fully satisfying the yearning which lies in the heart of every good woman. But yet there is a black cloud hovering about the pretty picture in her mind which fills her with terror. The dread of childbirth takes away much of the joy of motherhood. And yet it need not be so. For sometime there has been upon the market, well-known and recommended by physicians, a

## liniment called Mother's Friend

which makes childbirth as simple and easy as nature intended it. strengthening, penetrating liniment, which the skin readily absorbs. It gives the muscles elasticity and vigor, prevents sore breasts, morning sickness and the loss of the girlish figure. An intelligent mother in Butler, Pa., says; "Were I to need Mother's Friend again, I would obtain 9 bottles if I had to pay \$5 per bottle for it."

Get Mother's Friend at the drug store. \$1 per bottle.
